Class Description: This class will cover the following:

- ✓ Definition of Hazardous waste
- ✓ Overview of regulations and associated penalties
- ✓ Individual responsibilities in the following the regulations
- ✓ Interaction of health, safety, and environmental regulations
- ✓ Use of the Environmental Compliance Checklists (ECEs)
- ✓ Use of the Ship to Shore Environmental Guide (SSEG)

About the Instructor: Jeanette Moser, ARCTOS of Alaska <http://arctosak.com/index.html>

- ❖ 25 years experience in the petroleum industry including:
 - Nine years in the environmental arena
 - 14 years in a field laboratory
- ❖ ICS 300 & 400 certified as an Environmental Unit Leader
- ❖ Certified HAZMAT Technician
- ❖ Experienced Hazardous Spill Responder
- ❖ HSE Advisor for ARCTOS, LLC

This class is for: AMHS Shoreside, Vessel, Facility Department Heads and Managers that have the responsibility of ordering, acquisition (storage/use), &/or disbursement (disposal) of materials that have the potential to be a hazard to personnel or the environment. This includes items such as used oil filters, light bulbs, batteries, cleaning fluids, spray cans, etc. ~ Anything that may be classified as “hazardous environmental waste”.

“Get Alaska Moving through service and infrastructure.”
